***Public invited to meeting, discussion on Zarzamora construction***

The community is invited to a public meeting to hear about the upcoming street and drainage reconstruction project on Zarzamora Street from Hutchins Street to Loop 410.

The meeting is scheduled for 6:30 p.m. Wednesday, May 28, at St. Leonard's Catholic Church, 8510 S. Zarzamora. City of San Antonio staff will be present to discuss construction and answer questions.

This project includes rebuilding Zarzamora to five lanes, 62-foot travel lanes and two 5-foot bike lanes for a total of 72-foot pavement. Curbs, sidewalks, and driveway approaches will be incorporated into the project.

Construction will begin this month and is scheduled for completion in the spring of 2010. The project is part of the City's \$550 Million Bond Program, which San Antonio voters approved in May 2007.

The Bond Program includes 151 projects designed to improve and enhance existing, as well as acquire or construct, new, local streets, bridges, sidewalks, drainage facilities, parks, athletics facilities, libraries and public health centers. All sides of San Antonio will benefit from the projects, many of which address infrastructure needs in a specific area while several have a regional or citywide benefit for all residents.

For more information, call Pat Mota at 207-8144.
